

Get an
EMV/Contactless
Pay terminal for
\$50 when you join
VRGA's program
through RCSC
(\$500 value)*

Does your
credit card
processor leave
you feeling left
out in the cold?

Here's how RCSC
customers feel:

"The RCSC team set up our processing quickly and easily and the program has run smoothly ever since. We encourage any business owner who is hesitating to accept credit cards to call RCSC today and get started!"

*Ben & Sarah Wood
Otter Creek Bakery
Middlebury, VT*

No dog was left out in the cold for the making of this flyer.

We once saved
a VRGA
member 40%
on their
processing!

EMV Facts

- EMV is a global standard for authenticating credit/debit card transactions using cards with embedded computer chips
- EMV card transactions are all given a unique identifier, preventing fraudsters from using stolen card data at a later date, unlike the static data used by magnetic stripe cards
- Acceptance of EMV cards requires the use of an EMV-enabled terminal or POS system
- **Starting October 1, 2015, merchants using EMV-enabled terminals can avoid having liability shifted to them by banks and card companies for fraudulent transactions**

About the VeriFone V*520 terminal

- EMV-enabled terminal
- Small footprint and a unique communication port area keeps your point-of-sale neat and uncluttered
- Easy-to-use interface, including a backlit screen and keypad for use in low-light situations
- Ethernet capable for faster transactions
- FUTURE-PROOF: Features internal PINPad and is Contactless payment ready

VRGA's credit card processing program is a major benefit to businesses in Vermont. In addition to providing unmatched customer service, we offer competitive rates, free paper supplies, and low-cost processing equipment to our program participants. What's more, this all comes with no set-up fees, annual fees or training fees! Contact Carly or Nicholl of RCSC for your free no-obligation savings analysis at (800) 442-3589 or VRGA@retailcouncilnys.com, or **submit your statements online at www.rcscusa.com/save**.
